Re: **Approval of Final Draft Metro 2050 MTP – Transportation Moving Ahead**

The Metropolitan Transportation Plan (MTP) is one of four federally required documents that are mandated by transportation legislation to be completed by MPOs. It is the core document of the MPO in much the same fashion that a comprehensive plan is a core document to a city or county. It is required that the MTP be updated every five years and have a planning horizon of 20-25 years.

Metro COG embarked on updating its Long Range Transportation Plan (LRTP) in April of 2023 when the Policy Board authorized a contract with SRF Consulting Group to complete the Planning effort. Since then, SRF, sub-consultant HDR, and Metro COG, along with assistance from the Transportation Technical Committee, transportation stakeholders, and the general public, have prepared a draft plan which is entitled “Metro 2050 MTP – Transportation Moving Ahead”.

The final step in the approval process is to act upon the MTP at Metro COG’s Transportation Technical Committee and Policy Board. Staff has worked with each entity to develop the MTP and is pleased with the resulting document. FHWA is currently reviewing the MTP as the approval process progresses. Staff expects to hear from FHWA and FTA before October 30th.

The draft document can be found on Metro COG’s website at:

http://fmmetrocog.org/application/files/5617/2711/9474/Draft_2050_Metropolitan_Transportation_Plan_1.pdf

Requested Action: Recommendation of approval of the draft Metro 2050 MTP – Transportation Moving Ahead to the Policy Board.
