The proposed amendment to the 2024-2027 TIP is as follows:

1. **Modification of Project 4210002:** City of Fargo reconstruction of 32nd Avenue South. (2024). Rephrasing the project and splitting construction costs.

The TTC suggested changes be made to the project table. Those recommended changes were integrated and are reflected in attachments to this item in the packet. NDDOT and FHWA questioned the process of making an amendment to a TIP that had not yet been approved. Staff assured them that this process had been established through practice over the years. NDDOT will hold processing of Amendment 1 to the 2024-2027 TIP until it has been officially approved by FHWA. The TTC agreed with that approach and unanimously approved the amendment.

3e. 2023 Unified Planning Work Program Amendment #3

Mr. Griffith presented amendment 3 to the 2023 Unified Planning Work Program (UPWP). The Moorhead I-94/20th Street Interchange Study got underway in July. When developing the RFP for the project, it was assumed that the future travel demand model had outputs ready to go from the Interstate Operations Analysis. Once the project got underway and the consultant (Stantec) requested the outputs from the travel demand model, it became apparent that the outputs did not provide the specificity needed for analysis of the 20th Street Interchange and other impacted intersections within the vicinity.

Stantec has provided a cost estimate of \$19,182.87 for them to conduct the traffic analysis in-house. A local match would be required by the City of Moorhead of \$3,836.57, which the Engineering Dept has indicated has been authorized just this week. This activity requires a third amendment to the 2023-2024 UPWP, which will require approval by the Policy Board, NDDOT and FHWA-ND.

MOTION: Approval of UPWP Amendment #3 for traffic analysis to be added to the Moorhead I-94/20th Street Interchange Study.
Ms. White moved, seconded by Ms. Mongeau

MOTION, passed
Motion carried unanimously.

3f. I-94 & 20th Street Interchange Analysis Contract Amendment #1

Mr. Farnsworth presented amendment 1 to the contract with Stantec for the I-94 & 20th Street Interchange Analysis. Mr. Farnsworth reiterated the information Mr. Griffith presented, as the UPWP amendment needs to be approved before the contract amendment can be approved.

The total proposed fee is \$19,182.87. The City of Moorhead has agreed fund the required local match of 20%, which amounts to \$3,836.57.

MOTION: Approval of the Amendment #1 to I-94 & 20th St Interchange Analysis contract with Stantec.

Ms. White moved, seconded by Ms. Preston

MOTION, passed

Motion carried unanimously.

3g. Clay County Heartland Trail Routing Analysis Request for Proposals

Mr. Farnsworth presented the request for proposals for the Clay County Heartland Trail Routing Analysis. The purpose of this study is to take initial planning efforts and provide detailed analysis which will evaluate routing options as well as detailed analysis within each alternative. Planning-level cost estimates will be developed for each routing alternative and a preferred alternative will be recommended. Public and stakeholder engagement will also be an important aspect of this study.

The Clay County Heartland Trail Routing Analysis will be a consultant-led study and is in Metro COG's Unified Planning Work Program (UPWP) to begin in 2024. The budget for this study is \$250,000 with 80% (\$200,000) coming from Metro COG's CPG funds and the 20% local match coming from a combination of Clay County, the cities of Moorhead, Dilworth, Glyndon, and PartnerSHIP 4 Health.

Ms. White asked if there were any bonding requests for this project. Mr. Farnsworth said there is a current bonding request for funding from Park Rapids to Moorhead (\$1.87M request). The bonding request included everything from design up to construction.

MOTION: Approval of the Clay County Heartland Trail Routing Analysis RFP

Mr. Gunkelman moved, seconded by Ms. White

MOTION, passed

Motion carried unanimously.

3h. Fargo-Moorhead Regional Housing Needs Analysis & Strategies

Mr. Altenburg presented the Fargo-Moorhead Regional Housing Needs Analysis & Strategies final report. This study includes an analysis of the region's existing housing supply, current housing production in the area, and market forecasts for near- and long-term housing needs. It is expected that local leaders, planning departments,

and community development officials will use this study to assist with decision-making around housing needs and to improve the overall quality of the regional housing market.

Ms. White asked how these strategies can be applied, and not just studied. Mr. Griffith said that Mr. Altenburg is researching how other metros have addressed this, and plans to share a "whitepaper" with the Policy Board. Mr. Schneider suggested he look into the "Affordable Housing Audit" that was done for Bozeman, MT.

**MOTION: Approve the Regional Housing Needs Analysis and Strategies Report, request staff to provide a recommendation on a housing Ms. Preston moved, seconded by Mr. Gunkelman
MOTION, passed
Motion carried unanimously.**

4. Additional Business

Mr. Griffith presented the following updates:

ND MPO Funding Formula: NDDOT will be moving towards option D with set base funding amounts- \$400,000 for Metro COG, \$300,000 for BisMan, Forks MPO, and the incoming Minot MPO. Any unused funds will be deobligated at the end of each year. NDDOT is still determining how they will redistribute the funds.

Complete Streets Set-Aside: There is \$55,000 total to be split amongst the four MPOs. NDDOT has not yet determined how to structure the distribution of funds.

FHWA: Complimented the TIP Dashboard created by Metro COG staff, and also commended staff for continued Public Participation outreach efforts.
